

The Smart Calculator

QuickCable-LT™ is a simple, easy to use cable sizing calculator, with many added functions, including conduit sizing, maximum demand, fault-loop impedance and power factor correction.

- Quick to Learn
- Easy to Use
- Quality Service and Support

QuickCable-LT™ provides the practical software solution for Electricians - everything you need to size cables, conduits and check fault-loop impedance for small jobs to AS/NZS3000:2007 and AS/NZS3008.1

QuickCable-LT™ Features:

- Maximum Demand to AS/NZS3000:2007
- Cable Sizing to AS/NZS3008.1.1
- Conduit sizing
- Fault-loop impedance to AS/NZS3000:2007
- Voltage drop calculations
- Fault level calculations
- Power factor calculations
- Extensive Reporting
- Internet Support
